

# Mowlana Sharif (if applying for data science)

**Location:** Manchester  
**Email:** mowlana8@hotmail.com

## Professional profile

An ambitious and detail-oriented individual with a passion for data science and a strong academic background in Mathematics, Statistics, and Computer Science. I am seeking a data science apprenticeship to build upon my existing knowledge and gain practical experience in the field. I have a proven track record of working with large datasets and using statistical models to extract meaningful insights. I am proficient in programming languages such as JavaScript and R (Self-Taught) and have experience working with data visualization tools such as Tableau and Power BI. I am a quick learner, and I am confident in my ability to communicate complex ideas to both technical and non-technical audiences. I am looking for an apprenticeship that will provide me with the opportunity to work on real-world projects and develop my skills in data analysis, machine learning, and artificial intelligence.

## Education and qualifications

---
